

# GLASS FIBER TAPE

## PRODUCT ADVANTAGE

1. Adhesive back, release liner
2. Reflective Aluminum foil surface
3. glass fiber net(Scrim) reinforcement
4. Easy to install

The reflective foil surface gives good reflective insulation properties in hot climates. The combination of paper and heavy scrim provides a very tough laminate with good burst and tensile strength properties

## TYPE

1. AL TAPE WITH GLASS FIBER
2. DURABLE COATED AL TAPE WITH GLASS FIBER

## GLASS FIBER TAPE
